Week 1 - Our Story

Outdoor School

Outdoor School

On Wednesday the 14th, Castle Prep School went to Mrs Harrison's house to do outdoor school's. They learned about leavers and they had lot's of fun thing's. It was the first time some of them had ever used a composting toilet.

They had a wonderful playtime having had a hoop's on the line and playing on Castle's and playing with wind kites. Later in the morning Mrs Hester showed everyone the mounds. The children loved looking and touching the hives.

The children had a wonderful time at outdoor school's.

Lab Lowdown!

Hi. I am Alessia and I am going to tell you about my experience at the amazing lab in the main school where we go every Friday. I learned how to use a Bunsen burner and a microscope. We looked at blood cells and fly wings, which look amazing under a microscope. We also learned what water is made out of.

I asked some of my friends what they thought. "It was great" said Gabriel. "It was fun and exciting" said Connor. I thought this was amazing and I learned a lot. I can't wait until our next visit. Alessia age 10.

Behind The Scenes

This morning we started doing the play. The play is called Jack and the Beanstalk and we are performing it at Christmas. First we pretended we were waking up then we mimed playing games. I mimed lego. Then we pretended we were animals. I was a cow. Finally we sang a little bit of a song.
